- 14.00-14:45 **"Creating inclusive learning environments – the importance of ventilation and indoor environmental quality in the age of Covid"** (Prof. R. S. McLeod, University of Graz)
- 14.45-15.30 **The facettes of Human Centered Design: Potentials and Challenges** (D. Krainer, Carinthia University of Applied Science)
- 15.30-15.45 Break
- 15.45-16.30 **Designing Healthy Sensory Environments for Neurodiverse Children** (Professor. S. Kanakri, Ball State University, Indiana, USA)
- 16.30-17.00 **Indoor comfort for inclusive spaces** (dr. Marco Caniato, Free University of Bozen)
- 17.00-17.15 **Final Greetings**

30th November: Training course with practitioners

(ita & de, afternoon session with simultaneous translation)

Morning Session – Class for designers

- 9.30 - 9.35 **Introduction to the project** (Prof. Gasparella, Free University of Bozen)
- 9.35 - 10.00 **Uniquely Human: Autism Spectrum Disorders** (M. Borghetto, Health and social care facility of Veneto Region)
- 10.00 - 10.30 **Participatory research as a development approach in SENSHome** (L. Wohofsky, Carinthia University of Applied Science)
- 10.30 - 10.45 Break
- 10.45 - 11.15 **Indoor comfort for special needs** (ing. PhD M. Caniato, Free University of Bozen)
- 11.15 - 11.45 **Alternative perceptual models of architectural space** (ing. PhD. F. Bettarello & arch PhD. P. Limoncin, University of Trieste)
- 11.45 - 12.15 **Integrated sensors and system for indoor spaces** (M. Raffael, Eureka System)
- 12.15 - 12.30 Q&A

12.30 - 14.00 Lunch break (not provided)

Afternoon Session

- 14.00 - 14.30 Poster session
- 14.30 - 14.40 Welcome (Board of Engineers of Bolzano)
- 14.30 - 15.00 **The importance of the interregional cooperation** (S. Lamprecht, Joint Secretariat of Interreg Program)
- 15.00 - 15.30 **SENSHOME scenario @unibz** (M. Raffael, Eureka System; P. Limoncin & A. Dordolin, University of Trieste)
- 15.30 - 16.00 **stakeholders experience: associations' views in relation to SENSHOME results** (Fondazione Progetto Autismo + others)
- 16.00 - 17.00 visit **SENSHOME scenario + video** → we shall move to a different place (LAB3)
- 17.00 - 17.30 **stakeholders experience: associations' views in relation to SENSHOME results** (AEB + others)
- 17.30 - 18.00 **Results of the valuation of SENSHOME** (A. Marzi, Free University of Bozen and S. Fink, Carinthia University of applied Science)
- 18.00 - 18.30 **stakeholders experience: associations' views in relation to SENSHOME results** (Fondazione Trentina Autismo + others)
- 18.30 Final greetings and buffet aperitif
